Please note this information does not constitute tax advice and does not reflect your personal tax situation. This information in this summary is for informational purposes only. We recommend that you seek guidance from a qualified tax professional. Nothing in this summary constitutes an employment relationship between DIDI MOBILITY (AUSTRALIA) PTY LTD and you.

If there is a difference between your tax summary and your monthly earnings shown in-app, this could be due to payment delays on some fares. This means a fare may be found in the following month's tax summary when the payment is processed, instead of when the trip is taken.
